

*Hello from  
Rumah KIDS!*

*Our first newsletter!*

From the editor's desk....

We are grateful. Grateful that the pandemic has eased.

Grateful for God's provision through angels like you who have contributed in cash and in kind. Grateful for volunteers who have helped.

Grateful for our dedicated staff who help us care for the 42 children under our care.

This newsletter is to share a little bit of what has been happening in Rumah KIDS.

### SPECIAL IN THIS ISSUE:

- Aunty Judy - 28 years of FREE hair cuts!
- Manisha completes diploma!

### Celebrating Aunty Judy!

Aunty Judy (above) has been providing free hair cuts for the last 28 years! This kind lady has been doing this for us in Klang and our USJ homes without fail, once a month.

### Tuition!

Education is a big priority for Rumah KIDS. We have engaged private tutors to help our children. Our children are definitely improving in their school work.

### Fit KIDS...

We took our children on a hike in Bukit Gasing (right). Nothing like fresh air and exercise to keep fit and mentally sharp. In this picture you can see Ruby. She has left Rumah KIDS and is training to be a caregiver in a nursing home.

Dear Miriam,  
All the best to you and keep studying hard always.

### Nicol David!

TQ Bro David Jansen for this CSR event with Mercedes Benz. Their ambassador Nicol David spent time with our children to motivate them.

### First camp after 2 years lockdown !

In December, we took all our children for their first camp after two years. They had so much fun at Eagle's Ranch in Port Dickson. There was space to run around and a large pool to swim in. Great time of fun and laughter. Greatly blessed by Pastor Raymond Michaels' sharing.

We encourage our children to bond with a foster family. On the right you see our very own RK spiderman - his foster family took him wall climbing.

### Fun with foster family

### ASTRO Host visit

Famous ASTRO television host, Ms Revathy Mariappan dropped by to visit the toddlers. We now have seven pre-schoolers aged from 2 to 6. Three girls and four boys.

## Home Make-over !

In December 2021, A Leap of Faith Foundation (ALOF) completed a total make-over of both our USJ Homes.

The works included repainting internal and external walls, new cabinets, racks, computer room, new beds, laptops, projector and much more. We are deeply grateful to Dato Aliyah Karen, advisor to ALOF, for her kindness.

On 5th of March 2022, ALOF blessed Rumah KIDS again with a free medical screening. Dr Nik and Dr Shirley Koeh examined their young patients. This included eye-sight and general health checks. Some of the children were referred for further check ups. We are grateful for the free check up as well as the supply of vitamins provided to our children.

## Doctors on Home call!

Garden produce

Tilapia project

During the pandemic, the USJ home started a self sufficiency program. Bro Eric taught the children how to grow vegetables. They also built their own fish tank and learned to breed Tilapia fish. Now, we harvest fresh organically grown fish every few months !

## Balik sekolah!

With the pandemic easing, our children are back in school. On the left you see them shopping with vouchers provided by the Azman Hashim Foundation.

## So proud of Manisha

This is Manisha. She came to Rumah KIDS as a baby. 19 years later she has completed her Diploma in Early Childhood Education and hopes to complete her Bachelors. She is active in church youth and does choreography for dance.

Thank you for being a donor, volunteer or just a friend of Rumah KIDS. Rumah KIDS has helped more than 300 children over the last thirty years. The children come from broken homes and most have been abandoned. We are their family. We have managed to continue operations because of kind hearted friends like yourself.

We are grateful to our team of dedicated staff caring for our children 24/7. Above all we thank the Lord Jesus Christ for faithfully providing our needs for these 30 years.
